Subject: Cleanup could hurt local jobs

Portland's blue-collar harbor jobs will suffer if the cleanup plan is too expensive.

We need to clear up the river, but I hope EPA regulators understand that we can't have a pristine river that gets that way at the expense of small businesses and jobs.

As you consider all the options, please don't support a plan that costs a lot of money and will force small companies to spend a lot on the cleanup.

Sincerely,
